3. Evaluation of NIT:

- i. The NIT will be evaluated based on rate list quoted in Annexure – II. The rate list of the Vendor /Supplier who does not fulfill the eligibility criteria will be rejected.
- ii. Selection of Vendor: Only those vendors who qualify on technical evaluation shall be considered for evaluation of commercial bids.
- iii. The procurement will be conducted in accordance with General Financial Rules (**GFR QCBS**).

Evaluation and Procurement Process:

An open tender will be published on our school website to invite quotations.

Technical Bid:

- Vendors must demonstrate their product to the Technical Evaluation Committee.
- The technical evaluation of the bids will be conducted first by the Technical Evaluation Committee members as per GFR QCBS.

Financial Bid:

- After technical evaluation, financial bids will be opened by the Purchase Committee. Selection will be based on the Quality-cum-Cost Based System (QCBS), with 70% weightage for technical evaluation and 30% for financial bids.
 - The negotiation will be carried out only with the L1 vendor after the evaluation process is completed, if the competent authority permits.
- iv. A Committee constituted by the School shall evaluate the tenders. The decision of the Committee in the evaluation of the NIT's shall be final. No correspondence will be entertained outside the process of negotiation/discussion with the Committee.
 - v. Any approach from the Vendor/Supplier or his representative, trying to influence the decision on the NIT, officially or otherwise, shall render the NIT liable to be summarily rejected. The Committee has been empowered to take the final decision regarding the NIT.

Combined Bid evaluation

A bidder will be selected under the Quality cum Cost Based System method (QCBS) with weightages of 70:30 (70% for technical proposal and 30% for financial proposal) and as per procedures described in this NIT. The combined score shall be obtained by weighing the technical and financial scores in the ratio of 70:30 and adding them up. On the basis of combined

weighted score for technical and financial, the bidder shall be ranked in terms of total score obtained. The proposal obtaining the highest combined score in evaluation will be ranked as H1 followed by the proposals securing lesser marks as H2, H3, etc. The bidder securing the highest combined marks will be considered for award of the contract.

Overall Score (OS) of a bidder will be his Technical Score (TS) plus his Financial Score (FS) and will be evaluated as under:

$$OS = \text{Technical Score (TS)} + \text{Financial Score (FS)}$$

A maximum of 100 marks will be allocated for the Technical Bid. Technical bid will be evaluated as per the technical bid evaluation table shown in Table 5 with this NIT. Technical Score of a bidder will be evaluated as under:

$$TS = TBV \times 70/100$$

Where **TBV** stands for Technical Bid Value of a bidder.

Financial bid will be evaluated as under:

$$FS = LFBV / FBV \times 30/100$$

Where **LFBV** stands for Lowest Financial Bid Value and **FBV** stands for Financial Bid Value of the concerned bidder.

EXAMPLE:

As an example, the following procedure will be followed. The minimum qualifying marks for technical qualifications is 60 and the weightage of the technical bids and financial bids is kept as 70: 30. Assuming that in response to the NIT, 3 proposals, A, B & C are received. The technical evaluation committee awards them 75, 80, and 90 marks respectively out of 100 marks. The minimum qualifying marks are 60. All the 3 proposals are, therefore, found technically suitable and their financial proposals will be opened after notifying the date and time of bid opening to the successful participants. Assuming that the evaluation committee examines the financial proposals and the quoted total bid values are as under:

Proposal	Financial Bid Value (FBV)
A	: Rs. 120/-
B	: Rs. 100/-
C	: Rs. 110/-

Using the formula **LFBV/ FBV**, where LFBV stands for Lowest Financial Bid Value and FBV stands for Financial Bid Value, the committee will give them the following points for financial proposals:

A	:	$(100 / 120) \times 100$	=	83 points
B	:	$(100 / 100) \times 100$	=	100 points
C	:	$(100 / 110) \times 100$	=	91 points

In the combined evaluation, thereafter, the evaluation committee will calculate the combined technical and financial score as under:

OS = Technical Score (TS) + Financial Score (FS)

Proposal A	:	$75 \times 0.70 + 83 \times 0.30 = 77.4$ points
Proposal B	:	$80 \times 0.70 + 100 \times 0.30 = 86$ points
Proposal C	:	$90 \times 0.70 + 91 \times 0.30 = 90.3$ points

The three proposals in the combined technical and financial evaluation will be ranked as under:

Proposal A	:	77.4 points	:	H3
Proposal B	:	86 points	:	H2
Proposal C	:	90.3 points	:	H1

Proposal C at the total bid value of Rs. 110/- will, therefore, declared as **winner** and recommended for negotiations/approval, to the competent authority.

In the event of a tie in the final scores, the Bidder having the lower financial quote amongst the two would be given preference.
