

A Session for New Pupils

A session was conducted for the new pupils of Junior School on 22nd April 2023 by Neha Yuvaraj of Class 11 and Advika Kumar of Class 9 under the guidance of the Student Counsellor.

The session started with an ice-breaker wherein the pupils moved around the room and introduced themselves to the other students. They spoke about their hobbies, interests and sports.

Neha and Advika shared their journey at The Lawrence School, Lovedale and encouraged students to make use of the opportunities available to them to unlock their potential. They also spoke about their initial days and the feeling of homesickness that many new pupils go through.

With the help of the acronym STAR, Neha and Advika advised the students to be Solution-focused, Thinkers, Approach others for help and Report to the right authority.

The Student Counsellor concluded the session with 3Es - Encourage each other, be Efficient at your work and strive for Excellence.

The pupils reported that the session helped them connect and appreciate cultural and geographical differences.
